IRISH OWNED

Narrow Bezel
The narrow bezel on the Digital Menu Boards allows your menu to take centre stage. When multiple Digital Menu Boards are placed side by side there is a virtually s eamless display thanks to their thinner edges and superior image precision.

Eco Power timer
The eco-friendly power timer allows you to assign daily or weekly on and off times for your screen. The screen is only in use when it needs to be; improving your environmental efficiency.

Built-In Speakers
The displays have two integrated slimline speakers for applications that involve an audio element.

IPS Panels

Superior image quality and colour depth at 178° ultra wide viewing angle in both landscape and portrait orientations and with no blackening defect.

24/7 usage

Built using commercial grade LCD panel & LED Backlights, these displays can be in constant 24/7 use for over 70,000 hours. they have no external buttons or controls to avoid tampering
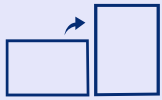

Template Library

Browse and choose from our exclusive library of Digital Signage templates. Within each predesigned template you get the original media files, template layout and playlist. You can customise each of these to just how you would like. You can add your own prices, branding, images or videos. Change the font size or colour; the templates are fully adaptable to your needs.

Plug & Play

If there is no internet access available the screen can still be updated thanks to their backup USB update option. Simply package up your Playlist onto a USB stick & insert into the screen. Your templates, s chedule and content will now copy over & start playing.
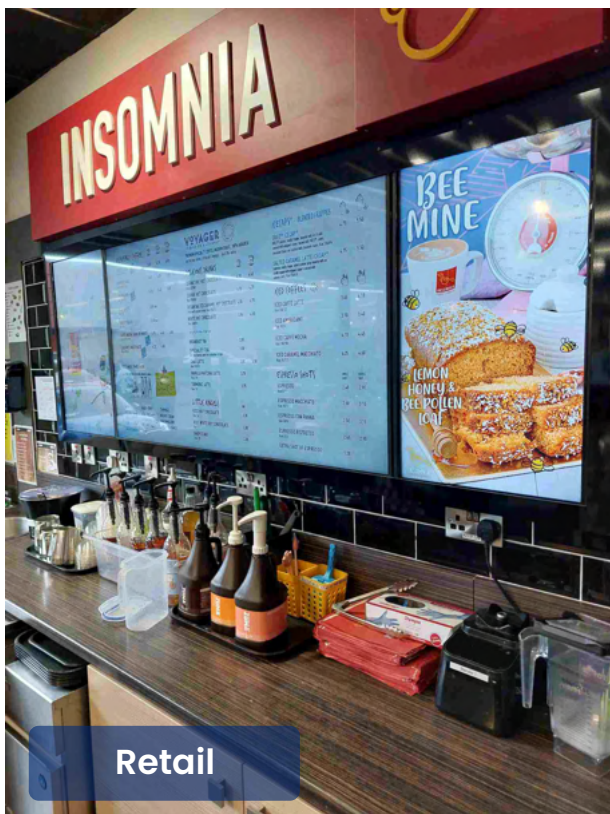

Adabtable Orientation

high-quality display experience with exceptional viewing angles in portrait & Landscape orientation. With no blackening defects and vivid colours, it offers clarity and crispness for the user.
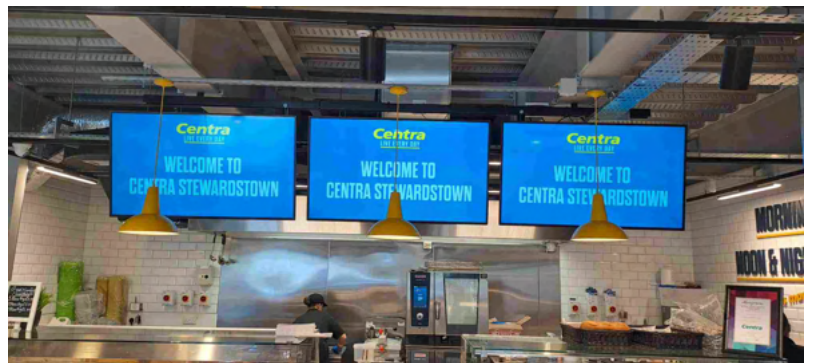

Update Via Internet

Updating your Digital Menu Boards is extremely simple; connect it to your network using the integrated Wi-Fi or using an Ethernet cable. Login to https://app.screenfusion.ai to choose from a library of templates, upload your own media, manage playlists, create y our own templates and schedule content for whenever you want; giving you complete control over your screens.
